DOE Consortium LED Street Lighting Workshop:
April 19 – 20, 2012 in Los Angeles, California

The U.S. Department of Energy's (DOE) Municipal Solid-State Street Lighting (MSSL) Consortium and **the City of Los Angeles Bureau of Street Lighting is presenting an LED Street Lighting Workshop on April 19th-20th, 2012 in Los Angeles, CA.** We invite you and members of your organization to attend. We would also appreciate your help in promoting the event to appropriate streetlight system staff and other interested parties. Please share the information below with colleagues and customers to promote this event which is intended for those working with or for municipalities, utilities, consultants and energy efficiency organizations.

Workshop Program will Include:

- Los Angeles LED Street Lighting Conversion Program
- Specifying LED Luminaires based on Application
- Design Tools for LED Street Lighting – What are they and how to use them
- Rediscovering the Meaning of Light Loss Factors
- Cost Benefit Analysis of LED Conversion Projects
- Remote Monitoring & Controls – What Works

$175.00 Per person | Register Here!
