

The Renovation of St. Anthony's Primary School, Umuezukwe

Dear Sir, Madam, Chief,

To renovate, complete, and provide educational materials and academic excellence, the sons and daughters of Umuezukwe who constitute UDU_USA (Umuezukwe Development Union) are asking for your financial support. The foundation of St. Anthony's Primary school was laid in Umuezukwe in 1897 and the building was completed in 1908. The school was the first in Awo-Omamma, Imo State, Nigeria and most of its citizens were educated at this institution of learning. Today, the foundation of this beacon of knowledge can no longer hold due to dilapidation of the infrastructure.

Your generous contributions will provide basic tools of learning to the scholars in a safe and conducive environment. The new building currently has six classrooms, one faculty office and a library.

Your donations in form of checks could be mailed to:

Umuezukwe Development Union (UDU)

6804 N.W. 135 Circle, Oklahoma, OK 73142
