Salam and greetings,

MGDC 2010
MALAYSIA – U.K: KNOWLEDGE SHARING TOWARDS HOLISTIC & DISTINCTIVE RESEARCH
20-21 January 2010, Glasgow, Scotland

We are pleased to announce the first Malaysia-Glasgow Doctoral Colloquium organised by the Malaysia-Glasgow Community in collaboration with the Ministry of Higher Education and Malaysian Student Department, United Kingdom.

The main objective of the colloquium is to provide an opportunity for all research postgraduate students in Malaysia and the United Kingdom to meet the experts in the United Kingdom, discuss and exchange ideas to help the students in the development of their projects.

We invite participation from research postgraduate/PhD students who would like to present and discuss their research plans and progress. Participants are required to present for 20 minutes and the experienced supervisors will then provide feedback. Presentations may cover any stage from initial research proposals to the final discussion of contribution in preparation for a viva. A number of Professors have shown keen interest in sharing their knowledge and experience during this two-day event.

We welcome papers on, but not limited to, the following topics:
