Please join us,
IMPD Downtown District will be hosting a
Community Conversation meeting.

This is a continuation of the Community Conversations that Mayor Ballard, Director Riggs and Chief Hite kicked off last month to solicit input and solutions from the community towards ***“Reducing Crime-Reducing the Fear of Crime-Improving the Quality of Life.”***

The conversation this evening will open dialogue between citizens and the police community to discuss topics that impact the quality of life in our community. With your input, ideas and help together we will problem solve and implement change for the better.
