Sir,

Sub: Awareness Programme on "Renewable Energy Technologies"

Today, the increasing prices of fossil fuels like kerosene, petrol, LPG and their scarcity has made our fuel security very vulnerable while on the other hand their increasing use is further aggravating the global warming. A developing country like India has to act and find synergetic solutions to address these issues. Utilising Renewable Energy Technologies will reduce fuel requirement, increase profits and make the process of development sustainable.

NIE-CREST along with **Kotak Urja Pvt. Ltd.** is conducting a series of awareness programme on "Renewable Energy Technologies". We are inaugurating the programme on 14th Sep 2010. We invite your students (Total 30 Nos) for the inauguration and also participate in this programme. We request you to confirm the participation of your students along with their name list.

Agenda of the day:

- ✓ Inauguration
- ✓ Technical Presentation on Renewable Energy Technologies
- ✓ Demonstration of Renewable Energy Technologies exhibits

Date : 14-09-2010

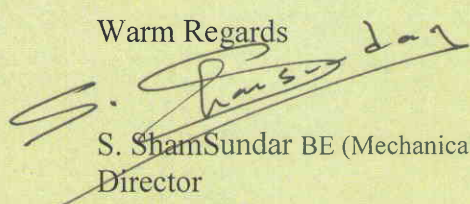

Venue : NIE Seminar Hall

Time : 10:00 AM – 12:30 PM

Note: Contact Ms. Kanchana for the correspondence, Contact No. 0821- 4004914

Thanking You

Warm Regards

S. ShamSundar BE (Mechanical Engineering) MSc (Renewable Energy, Germany) (PhD, Germany)
