

CAMPUS INITIATIVE PROGRAMS

Presented by:-

IGSLABS TECHNOLOGIES PVT LTD

INTRODUCTION

***“On campus program”** is an initiative taken by IGSLABS Technologies Pvt. Ltd., to fulfill the technology and placement needs of students with ease and convenience at the college campus.*

- With the “On campus programs IGSLABS offers advantage to students. We at IGSLABS understand how important it is to groom students with right technology to help them build a good and successful career.*
- We have the ability to understand the needs of employers in the software industry and identify the skills and knowledge required, and gradually transfers a student into an expert IT Professional.*

WHAT WE HAVE FOR STUDENTS?

Training and Placement Division in the IGSLABS plays a vital role and is becoming a key department of the Company. As there are large numbers of Engineering and Management colleges in INDIA, the competition for employment is increasing every day and the job of placement is becoming a challenging one. A full pledged placement Dept is functioning in our company with a full time

placement manager. Our Training and Placement Dept is performing the following activities:-

- **Arranging in plant training for students.**
- **Inviting various organizations for campus recruitment.**
- **Training to suit various needs of industry.**
- **Final year academics projects which suits to company requirements.**

For placement a large number of prospective employers are contacted during the year and efforts are made to invite those companies to conduct placement activities for our candidates and to conduct campus recruitments also. The objective of the T&P Dept is to look for a 100% employment of all the candidates/students therefore it follows policy of '**One Person One job**'. A candidate selected for one job is further restricted to other recruitment. The Cell is assisted by student placement coordinators who lead a team of placement representatives from various colleges and from various courses of study.

The Training & placement Cell ensures and takes care to provide the best arrangements and hospitality for the visiting companies' officials.

The **Training & Placement Cell** provides all audio visual facilities for PowerPoint Presentations, written test, group discussion and interviews. It plays a very important and key role in counseling and guiding the students of the University for their Successful Career Placement which is a crucial interface between the stages of completion of academic program of the students and their entry into the suitable employment. This cell also coordinates various activities related to the career of the students along with the industrial training. The computerization of the entire activities of the placement Cell is in progress and this facility will be available to the organizations soon for easy and faster communication. **TRAINING AND PLACEMENT ACTIVITIES** In addition to campus placements the T & P section organizes programs mock interviews, group discussions, case studies, etc. It also organizes the program like:

- "Personality development"
- "Interpersonal & communication skills"
- "Career planning" and "career mapping"
- Program on "Technology and Management"

PLACEMENT FACILITIES IN IGSLABS!!!!

- Separate Department has been established in IGSLABS with one full time staff in charge for placement
- Corporate recruitment data update.
- Guide students/candidates to approach companies.
- Survey on recruiters' expectations from students/candidates.
- Feedback from employers of past batches.
- Organizes training sessions on soft skill development

WHAT WE HAVE FOR COLLEGES?

- Separate Department has been established in IGSLABS or in College campus also with one full time staff in charge for placement so that colleges can minimize the cost of Placement cell.
- College placement grade will increase.
- Time to time technical up gradation from IGSLABS according to syllabus of college.
- Colleges can go ahead with revenue sharing basis with IGSLABS also to increase more advantages for students.
