 - –*Ijin Pengolahan Limbah B3*
 - –*Ijin Penimbunan Limbah B3*

SPECIALIST WANTED

Dear colleagues,

We proudly invite any specialist to fill our special engagement to do our **National Comprehensive Environmental Service** Within Indonesia.

We open service for all Indonesia Business Lines (Oil and Gas, Mining, Buildings, Industrial, so on).

We offer **Terms and Condition** as follow:

1. Project Contract Based for Work Time
2. Project Contract Based for Professional Fees
3. Any specific support/additional tools (software, so on) provided by Specialist will be an advantage and preferable to us.
4. The work may not only for professional consultancy. It may also need your execution (go to site, presentation, assessment documents, report writing, or any desktop working)

Who We Seek:

1. Specialist: Water (Clean Water and or Waste Water and or Run Off Management)
2. Specialist: Air (and or Noise)
3. Specialist: Soil
4. Specialist: Public Health
5. Specialist: Transportation
6. Specialist: Social and Cultural
7. Specialist: Spatial Planning
8. Specialist: Solid Waste (Domestic and or Hazardous)
9. Specialist: Civil

Requirements:

if you are confident to say that you are who we seek,
please send your *comprehensive and easy look* CV (personal profile, background study, work experiences, research experiences, training experiences, your existing role, any valid certificates, any achievements, so on)

The detail your key role in every single project/work/research/achievement you ever/now handle, will make us easy to confirm to your capability.

The additional support of your own (software, additional tools, so on) to support your specialty, will be an advantage and preferable to us.

Deadline:

Evergreen
