

# PATHWAYS

Internship Employment Program (IEP) for  
current students

NASA Goddard Space Flight Center (GSFC) is embarking on new missions and seeking fresh ideas! Don't miss out on the opportunity to join the NASA team and develop cutting edge job skills in Science, Technology, Engineering, and Math (STEM), as well as Business fields. NASA is consistently recognized as one of the best places to work in the Federal government.

Pathways Internship Employment Program (IEP) opportunities are open to current undergraduate and graduate students. The IEP is a flexible cooperative education experience that allows students to work as federal employees while attending school. We offer full or part time work schedules for students attending school on at least a half time basis (*following your school's definition*).

GSFC will be accepting applications via USAJobs after September 26<sup>th</sup> for Pathways IEP opportunities. We are seeking students who can begin working in Spring 2017.

*U.S. Citizenship is required.* If you are not a U.S. Citizen, please visit:

## One Stop Shopping Initiative

### One NASA System • One Submitted Application • One Amazing Opportunity

OTHER OPPORTUNITIES: NASA's Office of Education sponsors seasonal opportunities including internships, fellowships and scholarships.

If you are interested in non-federal service student research-based science, technology, engineering and math (STEM) opportunities (e.g. 10-week summer assignments) sponsored by NASA's Office of Education, apply directly at: [intern.nasa.gov](http://intern.nasa.gov).

*U.S. Citizenship is required.* If you are not a U.S. Citizen, please visit <http://intern.nasa.gov/non-us-opportunities/index.html>.
