## DISCUSSION ON HISTORICALLY BLACK COLLEGES AND UNIVERSITIES (HBCU)

You are invited to attend a panel discussion about Historically Black Colleges and Universities. You will hear directly from GDS parents and alumni who have attended HBCUS. You are encouraged to ask the burning questions you have always wanted to ask about HBCUS – questions like: What are benefits of attending an HBCU? What kind of education will my child receive? Will my child be able to get into a top tier or Ivy League graduate school? Will my child be able to get a job in his/her field? What is needed from GDS to support students in applying to an HBCU? Panelists will not only answer questions, but also offer first hand experiences and insights into their experiences at HBCUS. A GDS college counselor will also be in attendance.
