Instructions

- * Your pet has been prescribed an antibiotic to treat an infection.
Even if your pet appears normal and symptoms of the infection cease, do not stop the antibiotics. Using the medication for the completely prescribed time period will help to ensure that the condition is treated fully so that signs do not reoccur.
Discontinue use and call our office if your pet develops vomiting, diarrhea, or a lack of an appetite. This medication may have a bitter taste to your pet, you can disguise the taste by putting the medication into a little bit of food.
