Welcome to ISOCON 2014 Chennai

Dear Doctor,

Warm regards & Season's greetings to you on behalf of the organizing committee of ISOCON 2014, Chennai. This is to bring to your kind notice that ISOCON 2014 is being held at the Chettinad Health city, Chennai on 14th, 15th and 16th November 2014. It is our responsibility to make this large otological event, a scientific feast. A conference of this magnitude will not be possible without the goodwill, support and most importantly, your participation. We would like our colleagues to share the joy in taking this event to the greatest heights in the history of Otolology.

At the Chennai ISOCON 2014 we expect delegates from all over India and across the globe. The conference scheduled over 3 days consists of keynote addresses by eminent speakers, 2 full days of surgical demonstrations, plenary sessions, grand inaugurals, a welcome dinner, a grand banquet dinner with cocktails, mega entertainment programs on two days and ample opportunities to interact with your colleagues, peers and friends.

We understand that Doctors rarely get time to unwind with their families. At ISOCON 2014, you are welcome to bring along your families. We have designed some trips to World famous Temples, Architectural marvels and programs to keep your family engaged. Of course you can and will spend time at the beach.

We have tied up with various hotels for accommodation packages and have secured highly discounted rates specially for ISOCON delegates.

We request you to register at the earliest as it would help us plan better.

Looking forward to seeing you at ISOCON 2014, Chennai.

Warm regards

Organising committee

**Message from Founder, Past president, Advisor and Editorial board Chairman,
Indian Society of Otology**

Dr. K. K. Ramalingam

I am extremely happy and proud that the Indian Society of Otology 2014 is going to be held in Chennai and I have been chosen as the Chairman of the Organizing Committee. I remember very well the inaugural conference in 1992 when I was the Secretary of the Indian Society of Otology. Ever since the inauguration, every Annual Conference has been a great success and the number of delegates have increased for every conference. We have been lucky to have top Otologists from all over the world as our Faculty and I am sure the delegates who have attended the conference have been very happy and learnt and appreciated the lectures and live surgery demonstrations of every conference.

We are trying to do our best to make the ISOCON 2014 better than the previous conferences. We have 1425 life members as of date. We are lucky to be able to host the Conference at the Chettinad Health City, Kelambakkam, Chennai, which has the best of infrastructure, excellent auditoriums and very nice banquet halls.

As usual the first day we will have orations and lectures and the second and third days live surgical demonstrations. This year for the first time we are introducing Free Paper Sessions which we have not had so far. There are of course Temporal Bone Dissection Competition, Panel discussions and Poster Presentation. On the cultural side we are arranging both dinners by the side of the beach and the Bay of Bengal. There are a lot of other attractions for those who are interested in sightseeing. I am fortunate to have a team of hard working friends to help me.

On behalf of the Indian Society of Otology, I welcome you and your family to attend the conference, enjoy the hospitality and take home very useful message about the latest development in Otology.

I look forward to meeting you with your family in Chennai at the Conference.

President's message

Dr. H. Vijayendra

Dear colleagues,

My greetings to you at the outset. On behalf of the Indian Society of Otolaryngology and as president of the same, I am extremely happy to welcome you all to the forthcoming Indian Society of Otolaryngology conference being held at Chennai in November 2014 under the chairmanship of our founder and mentor Dr. K.K. Ramalingam.

Otolaryngology has advanced into a specialized field in Otorhinolaryngology with distinctive features attached to it. The Indian Society of Otolaryngology which has blossomed for the past two decades has proved to be a tool to every budding ENT surgeon to do good Otolaryngology work. The Indian Society of Otolaryngology has kept the flag of temporal bone flying high by its earnest endeavors. We look forward to many more ENT surgeons taking up good technical and scientific work in the above field. Indeed the 23rd Indian Society of Otolaryngology congress has a lot to offer for all the delegates. My wish for Congress 2014 is that you will walk away enriched, feeling that it was time and money well spent. The subjects shall be covered by distinguished leading renowned faculty of repute participating in our conference. Please mark the dates on your calendar and plan to be here, we will do our best to assure you a memorable scientific feast.

Looking forward to meet you all this November at Chennai.

Message from Vice President, ISO

Dr. A. P. Sambandan

Warm Greetings to all,

It is my proud privilege to welcome you all to the 23rd conference of Indian Society of Otology to be held at Chettinad Health City , Chettinad Medical College, Chennai. The Scientific Programme that is to be organized will be a treat to the mind. The social and cultural events will be very much entertaining. South Indian cultural dance and music performances by famous singers are being arranged. The sea shore banquet with fire works will be a treat to enjoy.

I request each one to come with family and enjoy the workshop and the conference.

Message from Secretary, ISO & Organising Secretary ISOCON 2014

Dr. Ravi Ramalingam

The Indian Society of Otology has come a long way from its inception in 1991. Today it is the largest growing Association in any of the sub specialties of ENT in the country. We have substantial life members and I am sure that this number will increase many fold in the years to come.

As someone who has been involved with the Indian Society of Otology from the very beginning, it gives me a great sense of satisfaction and joy to see the growth and development in the field of Otology. It is also heartening to see that the Indian society of Otology plays an important role in the introduction of National program for Deafness which is going to become a reality in the near future. As the Organising Secretary for the conference, I look forward to the challenge of making the conference largest in the history of ISO. In this regard, I request each and everyone of you to participate and ensure the success of the conference.

The ISOCON 2014 is the 23rd Annual conference of the Indian Society of Otology. I wish the conference all success, and wish all delegates have a great time during the conference.

International Faculty

Prof. Jacques Magnan , France

Prof. Jacques Magnan is the president of Mediterranean Society of Audiology and Otology , and former president of European Academy of Otology and NeuroOtology (EAONO), Politzer Society , Groupe Etude Montagne Otologie and numerous others. He is an exceptionally skilled Neurotologist and one of the most renowned figures in Skull base surgery.

He will demonstrate Vestibular nerve section, Neurovascular decompression for Hemifacial spasm, Trigeminal neuralgia and excision of Acoustic neuroma.

Dr. João Flávio Nogueira, Brazil

Dr. João Flávio Nogueira is one of the proponents of Endoscopic ear surgery and will demonstrate middle ear and Endoscopic skull base surgery. He has produced Silver Books on Endoscopic middle ear anatomy (2010) & Endoscopic management of cholesteatoma (2011) . For the past five years he has 23 publications regarding endoscopic techniques for various Ear

surgeries, skull base surgeries and Nose surgeries. He is known for his 3D surgical techniques in Sinus & Ear surgeries

Prof Karl-Bernd Hüttenbrink , Germany

Prof Karl-Bernd Hüttenbrink is known for his versatile techniques in various middle ear surgeries & Implantation Otology. He was the past president of Association of chairmen of German ORL-University clinics, German ORL Society, European Academy of Otology and Neurotology (EAONO) & various other organizations. He is a Member of the Editorial Board of 8 ORL

Journals including Audiology & Neurotology (2008), Annales Françaises ORL (2010) etc

Dr. Anil K. Lalwani, U.S.A.

He is a renowned Cochlear Implant surgeon and has been part of previous Indian society of Otology meetings where his lectures and demonstrations have been well appreciated. He is currently the Director, Columbia Cochlear Implant Center , Professor and Vice Chair for Research Director, Division of Otology, Neurotology, & Skull Base Surgery.

Scientific Programme

1st day: Orations/ Lectures and panel discussions , Topics of Recent advances

2nd and 3rd day: Live Surgical demonstrations

Cases of interest :

- ◆ Middle ear surgeries, Primary and Revision
 - ◆ Inner Ear and CP angle surgeries including Microvascular decompression
 - ◆ Endoscopic Ear surgery
 - ◆ Implantation Otology
 - ◆ Surgery for vertigo
 - ◆ Surgical videos of Eminent surgeons
 - ◆ Temporal bone dissection / Poster presentations
 - ◆ Free Paper sessions
 - ◆ Instructional courses
- One Hour Instructional courses on interesting topics will be conducted by various International and National guest faculty on Day 2 and Day 3 (Details will be given in the next brochure)

Temporal Bone Dissection Contest

The Temporal bone dissection competition is on this year also and we request as many participants as possible to participate .

To participate, here's what you need to do:

- ◆ Register for the competition by sending a confirmation mail with your Name, email ID, Phone number, ISO Membership number and Conference registration no. to indiansocietyofotology@gmail.com before 31st October 2014
- ◆ Bring the dissected specimens personally to the conference and hand it over to the ISO counter on the morning of 14th November, the first day of the conference. The bones will be evaluated by a suitable committee and the participants should be present at the executive committee meeting on the first day of the conference.
- ◆ The contest is open to both residents and consultants
- ◆ Conference registration is mandatory to participate in the contest
- ◆ Each candidate should submit three temporal bones each with the following dissection
 1. Translabyrinthine approach to Internal auditory meatus
 - 2.Exposure of semi circular canals, Labyrinth and Facial nerve.
 - 3.Dissected according to candidate's own choice
- ◆ Suitable illustration, labeling and explanation should accompany each dissection
- ◆ Prize winner will be selected at the Executive committee meeting during the conference.

Video Presentation

- ◆ Entries to video presentations are open to Post graduates, Residents and Consultants
- ◆ Registration for the conference is mandatory to submit entries. Register for the video presentation by sending a confirmation mail with your Name, email ID, Phone number, ISO Membership number and Conference registration no. to indiansocietyofotology@gmail.com before 31st October 2014
- ◆ Duration of videos should be 8 minutes or lesser.
- ◆ First 25 entries ONLY will be accepted.

Courier an edited clip of the video before 31st October 2014 to **Dr. S. Wasim Khan** to the Conference Secretariat.

Poster Presentation contest

As part of ISOCON 2014, we are having a poster presentation contest. Below are the details of the same:

- ◆ Poster presentation is open for PGs, Residents and Consultants
- ◆ Register for the Poster Presentation Contest by sending a confirmation mail with your Name, Email ID, Phone no, ISO Membership no and Conference Registration no. to indiansocietyofotology@gmail.com or mailed to Dr. S.Wasim Khan at the Conference secretariat before 31st October 2014. This should be accompanied by an abstract of the poster. The Envelope / Email carrying the abstract should be marked "ISOCON 2014 Poster abstract" on the Envelope cover / Subject line.
- ◆ The size of the poster should be 4 ft height by 3 ft width.
- ◆ The poster should be printed on paper or flex.
- ◆ Font should be large and readable from a distance of 3 metres
- ◆ Name and photograph of the presenter should be on the top right of the poster.
- ◆ In case of PGs, name of the teacher and the institution should not be mentioned on the paper.
- ◆ Posters should be set up in the designed area not later than 1.00 pm on 14th November 2014.
- ◆ You can seek the help of the volunteers present in the poster presentation area to setup the poster.
- ◆ Presenter should be present at the site of the poster presentation area on 14th November 2014 between 4.00 pm and 5.00 pm for judges review
- ◆ For any queries pertaining to the poster presentation contest please contact Dr. S. Wasim Khan +91 9791679383 or email indiansocietyofotology@gmail.com

Free Paper Session

We are extremely happy to announce the introduction of free paper session at the ISOCON 2014.

- ◆ Interesting Scientific papers are welcome in Otolaryngology, Neurootology, Audiology, Skull Base surgeries.
- ◆ Free Paper session is open for PGs, Residents and Consultants
- ◆ Conference registration is mandatory for participation in the session.
- ◆ Register for the Free Paper session by sending a confirmation mail with your Name, Email ID, Phone no, ISO Membership no and Conference Registration no. to indiansocietyofotology@gmail.com or mailed to Dr. S.Wasim Khan at the Conference secretariat before 31st October 2014. This should be accompanied by an abstract of the paper not exceeding 200 words.
- ◆ Duration of the paper will be for 8 minutes.
- ◆ For any Queries pertaining to the Free paper session, please contact Dr. S. Wasim Khan +91 9791679383 or email to indiansocietyofotology@gmail.com

Foreign Travel Fellowship

CAUSSE CLINIC AND INDIAN SOCIETY OF OTOTOLOGY FOREIGN TRAVEL FELLOWSHIP

This Fellowship is offered for 2 candidates by Dr. Robert Vincent of Causse Clinic, Beziers (France) and Indian Society of Otology. Selected candidate will be given Rs.30,000/- by Indian Society of Otology towards travel expenses. The duration of fellowship will be for 15 days.
