Earlier participants have said.... "this program has been life changing"... "this program has helped more than anything else I've experienced in 40+ years of searching for meaning in my life"... "Alistair and Grace and their wonderful playsheets have brought (these teachings) alive for me. The meditations are always perfect, the questions penetrating and spot on. They listen with much wisdom and compassion and gently guide you to something very moving that has been there all along" "I feel the changes in all aspects of my being, there are so many tears of gratitude, I can hardly see to write"
