

PSME:

**"Towards Globally Recognized
Filipino Mechanical Engineers"**

MESSAGE

My Warmest Greetings to all the delegates, esteemed guests, business partners and friends who will be coming from here and abroad to this 63rd Annual National Convention on October 21-24, 2015 at SMX Convention Center, Pasay City.

This year's theme – "Towards Globally Recognized Filipino Mechanical Engineers" serves as a challenge to all of us to stay aligned to the call of the time. The rule of the game is: we compete, or we die a natural death.

To the professionals: prepare for the regional integration and global competition by qualifying for the ASEAN and ACPE Registry.

To the educators and students: work and understand the importance of a Washington Accord Compliant Curriculum.

Take full advantage of what PSME has to offer you during NatCon: earn CPD units, create/renew acquaintances, grab the chance to get involved, and watch out as I report to you, members the developments in our Society during my incumbency.

Patronize and support our 63rd National Convention and all our regional conferences.

Mabuhay ang Philippine Society of Mechanical Engineers!

Engr. PABLITO C. OCAMPO
2015 President

October 21, 2015 (Day 1 - Wednesday)

7:00AM Ceremonial Torch Lighting
5th National Student Conference
Golf Tournament
Basketball Tournament

8:00AM Registration of Delegates
City Tour
CPD Plant Tour
CPD Officers Bearer Course
Presidents' Hour with the BOD's
7:00 PM Presidents' Night (Dinner & Cocktail)

October 22, 2015 (Day 2 - Thursday) - in business attire

7:00AM Registration of Delegates
8:30 AM Opening of the 5th PhilMach Exhibition
Ribbon Cutting
Tour of Exhibit

9:30AM Opening of the 63rd National Convention
Processional March
Entrance of Colors
Opening Program
Opening Plenary

Talk of the Guest Speaker
Talk of the Inspirational Speaker
Talk of the Keynote Speaker
Plenary & Technical Sessions
(3 plenary speakers, 12 CPD sessions)

6:30 PM BME/PSME Fellowship Night (Cowboy Attire)
Regional Presentations
Raffle Draws
Presentation of 2015 Board Candidates
Awarding of Sports Winners

October 23, 2015 (Day 3 -Friday) - in business attire

8:00 AM Plenary & Technical Sessions
(4 plenary speakers, 16 CPD sessions)

Message from the BME Chairman
Dialogue with the Board of Mech. Engineering

6:30 PM Awards Night -TOME & Other Awards
(attire: Barong Tagalog/Filipiniana)

October 24, 2015 (Day 4 -Saturday) - in business attire

8:00 AM Plenary & Technical Sessions

Report of the Secretary
Report of the Treasurer
Report of the President

4:00 PM Closing Plenary
Grand Raffle Draw

Note: Schedule may change without prior notice.

PSME:

**"Towards Globally Recognized
Filipino Mechanical Engineers"**

MESSAGE

I would like to extend my Warmest Greetings and Welcome to all the members, distinguished guests, students, exhibitors, supporters and friends who are attending the 63rd Annual National Convention on October 21-24, 2015 at SMX Convention Center, Pasay City, and our overseas members in the Middle East who will be joining our live feed.

This year's theme, "PSME: Towards Globally Recognized Filipino Mechanical Engineers" reminds us all that the demand of the time is no longer preparing for competition, nor staying competitive. The challenge is greater - we have to excel, we have to be recognized not only within the ASEAN region, but globally!

The NATCON, including its regional conferences, is one avenue provided by our Society, the PSME, to help members live up to the challenge. With the help of the National Officers and Directors, the NATCON committees, the staff, the assistants, the members, students, exhibitors, sponsors, advertisers and donors, we will bring to you Distinguished Speakers to talk on very relevant subjects. There will be Plant Tour and CPD sessions to be presented in the duration of the Convention with varied topics like: Energy & Environment, Manufacturing & Management of Technology, Maintenance & Project Management, Safety Engineering, Power & Industrial Plant Engineering and HVAC-R. The 5th Philippine Machinery Exhibitions will present to you in a short round the latest technology in the industry. Meet the future ME's, our successors through our Student Congress session. And enjoy the balanced life: participate in the BME night, enjoy the regional presentations, vie for the Mr. ME of the night, and bring home with you a brand new 2015 Model Toyota Vios car! To continue with the traditional bonding of delegates, we have the Fellowship Night in the (PCA) Philippine Columbian Academy to be followed by the Chapter Presidents Meeting and Sports in Villamor Golf Club with a Basketball Championship games among regions.

In behalf of your PSME National Board and the 63rd NATCON organizers, we invite you to come, see for yourself and enjoy our annual event. Watch for a number of innovations in the 63rd NATCON! Enjoy, learn, make friends!

Mabuhay!

Dr. MURRY F. DEMDAM
PSME EVP & 63rd NATCON Chairman

5th PHILMACH

PHILIPPINE MACHINERY EXHIBITION

SMX Convention Center, M.O.A., Pasay City, Philippines
PSME.org.ph/PHILMACH
October 22 - 24, 2015

PSME
63rd National Convention

Attended by about 6,000 Mechanical Engineers, Certified Plant Mechanics and Graduating M.E. Students from all over the Philippines. The 3-day event is a big networking opportunity for suppliers and buyers. It will have technical seminars providing CPD credit units for members.

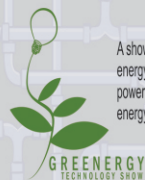

Fire Protection &
Security Show

The event includes exhibition on fire detection and alarm system, fire pumps, sprinklers, valves and fittings, fire extinguishers, PPE vendors, gas sensors, safety devices, safety training providers, insurance companies, CCTV equipment, security providers and consultants.

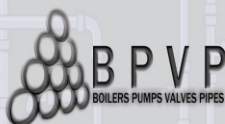

The show covers materials handling, solid and fluid handling, control and instrumentation, process equipment, contract packing, manufacturing and packaging machineries, containers and design for major industries like food and beverage, household products, pharmaceutical and chemical.

A show for eco-friendly technologies, for renewable energy technologies like wind, solar, hydro, biomass power plants. The event also include exhibition on energy saving devices and solutions.

Exhibition on different Maintenance Technologies and Services: CMMS, Oil Analysis and Conditioning, NDT, Lubrication System, Training Providers, Lubricants, Bearing, Automation system, O&M Service Providers

BOILER, PUMP, VALVES and PIPES Show
The show includes: Boilers, Valves, Burners, Tubes, Pipes, Pumps, Boiler Repair Services, etc.

A show on Metal Working Equipment, Machine Tools, CAD/CAM, Metrology, Mould and Die, Surface & Heat Treatment, Sub-contracting, Foundry, Robotics, Precision Engineering, Welding Machine and Technology

Heating, Ventilation, Air-Conditioning and Refrigeration Show
A show for air-conditioners, air handling units, fans, ducting pumps, valves, HVAC Maintenance and Engineering Services Contractors. Meet consultants and designers.
