Subject: Invitation to the 62<sup>nd</sup> PSME National Convention

Dear

The 62<sup>nd</sup> National Convention (NATCON) of the Philippine Society of Mechanical Engineers will be held on October 22 to 25, 2014 at the SMX Convention Center, Pasay City with the theme: "PSME-Our Prime Mover to Achieve Global Recognition".

Perhaps you may have heard of the Washington Accord, the APEC/ ASEAN Registry, and now the forthcoming ASEAN 2015 Integration that have been changing the landscape of world trade and competition. As a sustainable company, what do you need to do - to become or at least stay competitive in this new and ever changing environment?

First, your Mechanical Engineer would need to be abreast of the changes in engineering and technology; Second, he/she would need to acquire a wide body of new knowledge and skills to adapt to those changes; and, Third, he/she would need to fast track developing the resources to enable you to apply such knowledge and skills.

The 62<sup>nd</sup> Natcon exactly help your Mechanical Engineers get over the hurdles mentioned above. For your employed Mechanical Engineers to get value for money, we have lined up exciting programs such as technical seminars, machinery and technology exhibits, and plenary talks all related to the theme. Engineering Curriculum Enhancement, ASEAN, ACPE & APEC Engineer Registry, Continuing Professional Development (CPD), Mechanical Engineering practice, Green Technology, Environmental Management, Energy Conservation, among others, will be discussed at length.
